

## XAVIER CATHOLIC COLLEGE SWIMWEAR POLICY

The following swimwear policy has been implemented at Xavier Catholic College for all water, swimming and aquatic activities. This will clarify what attire is safe and appropriate at College events and activities. The policy will now apply to students currently participating in water activities for Sport, and for upcoming excursions and carnivals involving swimming.

We want all students to be able to participate in aquatic activities safely and modestly. We are concerned about students' physical and emotional wellbeing.

Prohibited apparel includes: non-swimming shirts, running shorts, compression tights, athletic shorts, undergarments, swimmers not covering cheeks, thongs and Brazilian cut swimmers. These garments are either considered unsafe for water and aquatic activities or inappropriate due to their revealing nature. The aim is for everyone to have fun, participate and enjoy aquatic games and activities.

### Approved Swimwear

### Prohibited Apparel

If you have any concerns or wish to clarify or discuss this policy, please feel free to contact me at the College.
